WITY

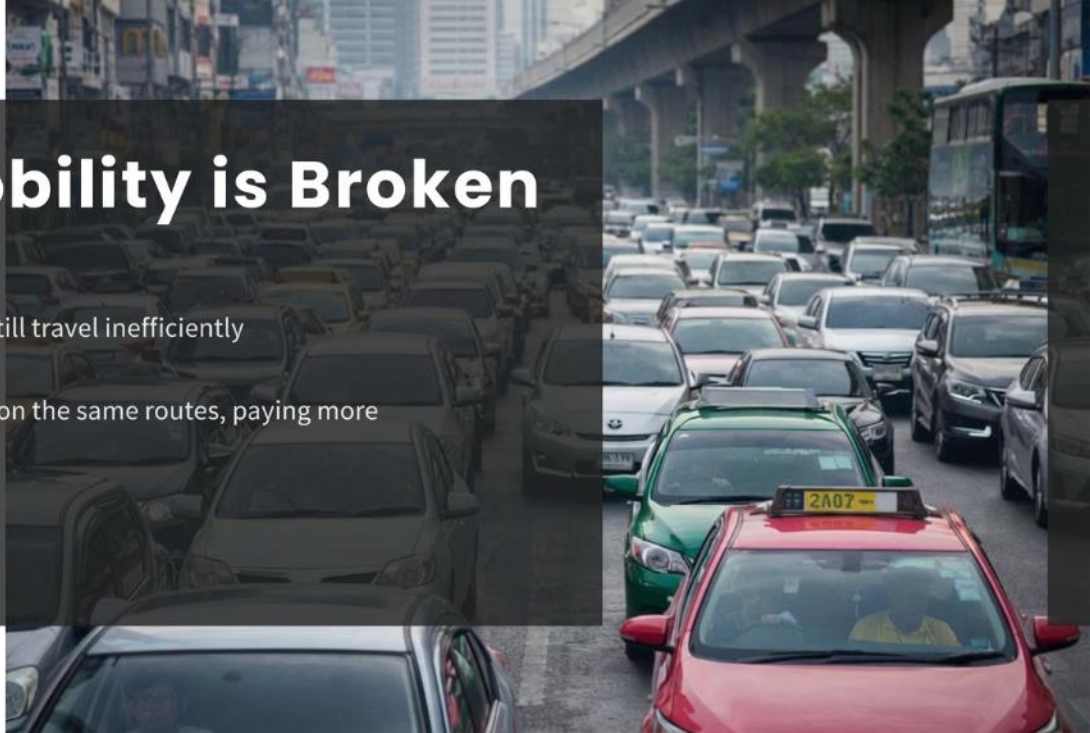
With City, Move Together

A platform that connects city mobility seamlessly

Mobility is Broken

People still travel inefficiently

— alone on the same routes, paying more



Southeast Asia Mobility Market

Fragmented transportation systems create massive inefficiencies

$300B+ Mobility Market

- 680M+ Population
- Urban congestion
- Shared mobility demand

A massive market that remains unoptimized

From Solo to Shared

Before WitY

One person. One car. Full cost.

After WitY

Shared ride. Shared cost. Better journey.

WITY connects mobility

Connecting people and vehicles moving in the same direction

More efficiency, less cost.

Move Together, Move Smarter

WITI is a shared mobility platform for long-distance and city-to-city travel

A new mobility platform that connects people and journeys

The Economics of Moving Together

More riders. Lower costs. Higher efficiency.

40%
Lower Cost
vs. solo ride

3X
Driver Earnings
per trip

60%
Lower Emissions
vs. solo ride

$120B+
SEA Mobility Market
by 2030

The more people ride together, the more efficient mobility becomes

WITY is building the unified mobility network across cities, regions, and borders

Connecting Southeast Asia into one unified mobility network

WitY
Beyond Transportation
WITY connects people, not just rides.
Not just a ride, but a shared experience

WITY doesn’t just connect rides,
it connects cities.
WITY doesn’t just connect rides — it connects cities
